MOLDING KNIVES

W&H supplies just about any molding knives you need. We ship most off-the-shelf knives within 48hours—faster, if you're in a jam. The standard patterns shown in our style sheet are the most often used—and they're normally in stock.

Need special knives? Just send us an accurate tracing or a sample of the molding you wish to duplicate—we'll grind the knives for you! The workmanship will be superb, with quick delivery.

All knives are made from the *finest quality High Speed Steel* for long run production requirements.

If molding requires knives for top and bottom cuts, please specify by ordering: 1 set each top and bottom.

SPECIAL PATTERNS — Subject to CONFIRMATION OF FACTORY

Prices of knives for patterns not listed above are based on over-all width of knives. NOT molding.

To determine correct knife size add 1/8" to both ends of molding for clearance purposes.

1" or less	3 1/2" or less	5 1/2" or less
1 1/2" or less	4" or less	6" or less
2" or less	4 1/2" or less	6 1/2" or less
2 1/2" or less	5" or less	7" or less
3" or less
