

**Mighty Small 50 Multipurpose Spray & Pumping Machine**  
Suggested List Price

**Mighty Small 50 Pump**

Suggested List

\$6299.00

Standard Equipment - Supplied with each Mighty Small 50

- Variable speed industrial duty rheostat controlled 110v 18 Amp pump motor (Can run hour after hour with good current, continuous duty rated)
- 12 gallon stainless steel batch hopper
- Stator & rotor assembly are designed for general purpose spraying and pumping applications – fireproofing, grout, stucco, mortar, water proofing, etc. etc.
- 100 foot of 24 volt remote on/off control cord, turn the pump on/off without returning to the pump.
- Commercial jobsite duty computer which maintains controls the rate of feed of the material being pumped or sprayed. Inverter technology makes this unit gradually start-up from a stop to not trip the circuit breakers. This feature virtually eliminates clogging!
- Pressure gauge to monitor flow rate.
- Accessory box to hold the spray pistols, the pressure gauge, application caps, and the cleaning sponges.

Note

*The pump is sold separately from the application kits as the kit chosen depends upon the work needed to be performed.*

**Accessories**

**Dual Diaphragm V-Stroke Compressor**

Suggested List

Model #1107546

\$1799.00

*Note: The compressor must be purchased if you want to both pump and spray material. The compression is continuous duty and it is an all aluminum, twin diaphragm, low pressure, high volume 110 volt unit. It's light, strong, and reliable, enough said! This compressor is also set-up and calibrated to operate as per the instructions of the Mighty Small 50 computer. It is also maintenance free as it can operate without an oil reservoir.*

**Vibrating Screen**

Suggested List

Model# 1107548

\$799.00

*Note: The vibrating screen prevents unmixed materials from entering into the hopper. It also catches all debris which is 5/16" or more in size. (Small stones etc.)*

### **Application Kits**

To apply materials whether just pumping or spraying and pumping, you must have an application kit. This kit will include the hoses, the application gun, and various pattern caps and nozzles for the end of the application gun.

**Premixed mortar / Fireproofing Kit** Used for spraying rough coats where material needs to be built-up such as fire-proofing, cement based stucco, gypsum based products, etc.

Model # 1107005

Retail

\$749.00

- Koine application gun with 11/16" + 9/16" deflector caps
- 50 Feet of 1" diameter hose with cam couplings
- 50 feet of 1/2" air hose with cam couplings
- Cleaning kit with nozzle file and hose sponges

**Stucco, grouting (tuck pointing), and fine coatings gun kit** Use for paints, elastomeric coatings, acrylic stuccos, cement based waterproofing (less than 1/8"), use w/o compressor for tuck pointing of brick, stone or masonry

Model# 1107010

Retail

\$749.00

- Application gun with nozzles in the following diameters 5mm, 6mm, 8mm and 12mm.
- 50' of 1" diameter pump hose with cam couplings
- 50' of 1/2" air hose with cam couplings
- Cleaning kit with nozzle file and hose cleaning sponge

**High-Pressure Grout Kit** Adjustable pressure regulator to fill voids, grout walls and floors, etc.

Model# 1107006

Retail

\$1299.00

- Application gun with an 18mm diameter nozzle
- 30' of 1" diameter pump hose with cam couplings
- 15' of 1" diameter pump hose with cam couplings
- Cleaning kit with nozzle file and hose cleaning sponges
- Injection control relay switch maintains consistent pressure to ensure material works its way through the void being filled.

### **5' Foot Overhead Wand**

Sprays overhead or into hard to reach spaces, includes a tip.

Model# 1107549

Retail

\$359.00

**Pipe Hook** Allows the pump hose to be hung in place while hollow cavities are filled with material.

Model# 1107570

Retail

\$109.00

### **Hose**

- 50' of 1" hose with cam coupling. P/N:1107525 - Retail \$289.00
- 33' of 1" hose with cam coupling P/N:1107526 - Retail \$219.00
- 16' of 1" hose with cam coupling P/N:1107527 - Retail \$169.00
- 50' of 1/2" air hose with Chicago fittings P/N:1107532 - Retail \$99.00
- 33' of 1/2" air hose with Chicago fittings P/N:1107531 - Retail \$79.00
