

4045

12" PRO TABLESAW

A TRADITION OF INNOVATION™

Pictured with optional 52" rail, side and rear tables.

FEATURING

- Left tilting 12" blade
- 5/8" and 1" interchangeable arbors
- 5 HP or 7.5 HP motor
- Optimus fence system
- Digital angle meter
- 36" stock fence rails
- Cast iron dampening base
- Use of either blade guard or riving knife
- Poly V-belt drive system for exceptional smoothness
- 52" optional rails w/side table
- Optional rear table

The Oliver 4045 12" Table Saw has the guts and the finesse to give you great results. Everything on this table saw is bigger, beefier, and more user-friendly. Moving up from a 10" table saw to a 12"? With the 5/8" and 1" interchangeable arbor, you can take your favorite blades with you. The blade tilts 45° to the left, giving you the capacity to make compound miter cuts. Sawing

heavy lumber? Under the hood you've got plenty of power ready to slice through even the most reluctant of hardwoods. Working with large pieces? Our optional 52" rail and extension tables allow you to rip super long or super wide stock with ease. And the cam-locking fence is a snap to adjust. Turn the page to get a peek at even more reasons why the 4045 is the table saw for you...

4045

12" PRO TABLESAW

The Oliver 4045 brings it on. With an innovative worm/pinion gear blade raising mechanism and an encompassing blade dust collection shroud, Oliver has your back.

SAFETY? YOU CHOOSE. The 4045 comes standard with a blade guard and a riving knife. You choose the best one for the job.

A DIGITAL ANGLE METER takes the guess work out of miter cuts.

INNOVATION YOU ASK? How does a hydraulically assisted worm/pinion gear, blade lift mechanism sound? Ever thought you'd look forward to raising the blade?

A BLADE ENCOMPASSING DUST collection shroud joined with the standard 4" outlet makes for the best dust extraction possible.
